

DATA SHEET

ELEGANCE ONE GRAY

REFERENCE FB1031

Hot & Cold bottled watercooler, gray color design with details in black, **manufactured in one piece of HDPE** (High Density Polyethylene). It is composed by better components and a new compressor more efficient that increases cooling capacity, reduces energy consumption and is much quieter.

The **Anti overflow System** that is incorporated works with an internal buoy that avoids water overflowing when the dispenser tank capacity raises the adequate level, and the **drip tray** captures the water when the glass that is being filling overflows.

The **temperature controller** allows you to adjust it to your preferences, and the **hot water switch** allows you to turn it off by changing to natural water. The hot tap with childproof mechanism prevents the accidental burns. In addition, all tubes in contact with water are **stainless steel** which ensures that there is no migration into water at all.

Suitable for our PET bottles in all formats, from 11.8 to 20 liters with 5-gallon Cap.

- ✔ Cold & Hot water.
- ✔ Anti overflow System. (Made of ABS)
- ✔ Temperature controller and On/Off Switch.
- ✔ Hot tap with childproof mechanism. (Made of PP & Silicone)
- ✔ Refrigerant R134a environmentally friendly.
- ✔ All pipelines in stainless steel, without plastic taste.

ELEGANCE ONE GRAY

REFERENCE FB1031

Dimensions and weight

Total weight	12.2 kg
Width	30 cm
Depth	32 cm
Height	96 cm

Characteristics

Cold capacity	3.5 liters/hour
Hot capacity	5 liters/hour
Cold temperature	5°C - 10°C
Hot temperature	85°C - 95°C
Cold tank capacity	2 liters
Hot tank capacity	2 liters
Cold and Hot Power	85 W / 500 W
Voltage	230 V / 50 Hz
Power consumption rate	56W/hour
