

DATA SHEET

ELEGANCE BLACK

REFERENCE FB1002

Hot & Cold bottled watercooler, black color desing with metal sides with stainless treatment that prevents corrosion, with better components and a new compressor more efficient that increases cooling capacity, reduces energy consumption and is much quieter.

The **Anti overflow System** that is incorporated works with an internal buoy that avoids water overflowing when the dispenser tank capacity raises the adequate level, and the **drip tray** captures the water when the glass that is being filling overflows.

The **temperature controller** allows you to adjust it to your preferences, and the **hot water switch** allows you to turn it off by changing to natural water. The hot tap with childproof mechanism prevents the accidental burns. In addition, all tubes in contact with water are **stainless steel** which ensures that there is no migration into water at all.

Suitable for our PET bottles in all formats, from 11.8 to 20 liters with 5-gallon Cap.

- ✓ Cold & Hot water.
- ✓ Anti overflow System. (Made of ABS)
- ✓ Temperature controller and On/Off Switch
- ✓ Hot tap with childproof mechanism. (Made of PP & Silicone)
- ✓ Refrigerant R134a environmentally friendly.
- ✓ All pipelines in stainless steel, without plastic taste.

ELEGANCE BLACK

REFERENCE FB1002

Dimensions and weight

Total weight	13.345 kg
Width	27 cm
Depth	31 cm
Height	96 cm

Characteristics

Cooling capacity	3.5 liters/hour
Heating capacity	5 liters/hour
Cold temperature	5°C - 10°C
Hot temperature	85°C - 95°C
Cold tank capacity	2 liters
Hot tank capacity	2 liters
Cold and hot power	85 W / 500 W
Voltage	230 V / 50 Hz
Electrical Consumption Index	56 W/hour

Anti overflow system
