

DATA SHEET

ELEGANCE POU BLACK

REFERENCE FP2003

Hot & Cold bottled watercooler, black color desing with metal sides with stainless treatment that prevents corrosion, with better components and a new compressor more efficient that increases cooling capacity, reduces energy consumption and is much quieter.

It contains a **shut-off valve** that prevents water from entering the mains supply in the case of a leak. It also incorporates a stop tap to facilitate the passage of water to the machine. To avoid internal leaks, it contains a buoy which, when the tanks are full, closes the water inlet of the water mains.

It also includes a **Drip Collector**, which captures the water when the glass that is being filled overflows.

The 1 micron activated carbon filter provides safe, clean water dispensing.

The **temperature controller** allows you to adjust it to your preferences, and the **hot water switch** allows you to turn it off by changing to natural water. The hot tap with childproof mechanism prevents the accidental burns. In addition, all tubes in contact with water are **stainless steel** which ensures that there is no migration into water at all.

- ✓ Cold & Hot water.
- ✓ Drip Collector. (Made of ABS)
- ✓ Temperature controller and On/Off Switch
- ✓ Hot tap with childproof mechanism. (Made of PP & Silicone)
- ✓ Refrigerant R134a environmentally friendly.
- ✓ All pipelines in stainless steel, without plastic taste.

ELEGANCE POU BLACK

REFERENCE FP2003

Dimensions and weight

Total weight	13.345 kg
Width	27 cm
Depth	31 cm
Height	96 cm

Characteristics

Cold capacity	3.5 liters/hour
Hot capacity	5 liters/hour
Cold temperature	5°C - 10°C
Hot temperature	85°C - 95°C
Cold tank capacity	2 liters
Hot tank capacity	2 liters
Cold and hot power	85 W / 500 W
Voltage	230 V / 50 Hz
Electrical Consumption Index	56 W/hour
